TESTIMONIALS

"...[Sophie] has the great advantage of being able to persuade people with the rare combination of reason and charm. She is an effective public speaker who was well prepared in what she had to say. Her greatest qualities, in my view, are her dedication, vitality and enthusiasm, coupled with her intelligence and speaking skills."

The Hon Terry Cole AO RFD QC

"Sophie is part of a new breed of conservative feminists, who are retrieving women's issues from the far left and bringing a fresh sensibility to feminism... I have always been impressed by her warmth, intelligence, quick wit and energy. She has that rare combination of brains and acute social skills."
